BOARD OF REVENUE(CIVIL SUPPLIES)
Abstract.

Rice - South Kanara district allotment from Malabar to the S.K.C.C. Stores Ltd - Cleaning of stocks - Loss - Recoupment

Dr's Ref. No. 154689/K/53. CS dated 27-5-54.

From

Sri A. V. Subramanian I.C.S.,
Commissioner of Civil Supplies.

76119

Sri K. Suppa Menon I.A.S.,
Secretary to the Commissioner of Civil Supplies.

Read: 1. From the Secretary, the S.K.C.C. Stores Ltd., Petition No.111/Sup. dated 23-12-53.

2. From the Collector of South Kanara D. Dis. 413/54 dated 19-2-1954.

In their letter cited the S.K.C.C.W. Stores Ltd., requested the Board to sanction a sum of Rs.8235-15-11 being the value of 389 mds 26 seers of rice lost by it while cleaning 7281 mds. of rice allotted to the Stores during July 1952. The Co-opeiative Stores has represented that the cleaning was undertaken under the specific orders of the Collector of South Kanara and was done under official supervision. Out of the total shortage of 389 mds. 26 seers, the Collector of South Kanara allowed compensation for 118 mds 2 seers of bye-products realised and disallowed the claim towards the loss in Bulk off 389 mds. 26 seers as the Collector determined the loss on account of cleaning as equivalent to the bye-products realised. The Collector rejected the claim of the S.K.C.C.W. Stores on the following grounds :-

1. The stock was not weighed before it was taken out for cleaning and the correct weight was not reported.

2. The profit margin has been enhanced to Re.0-8-0 per maund to meet shortage allowance. The S.K.C.C.W. Stores further represented that the stocks were not weighed before they were taken out for cleaning because they were not instructed to do so and that the shortage allowance is too meagre to cover the loss sustained by it.

2 3. The S.K.C.C.W. Stores requested the Board that the claim for compensation might be admitted for the following reasons.

(a) that the request of the Stores to divert 1000 tons out of the 8000 tons allotted to it elsewhere in view of the huge stocks held by them and the low offtake was not considered by the Collector.

(b) that their request for the export of 2000 tons of rice to avoid deterioration was not conceded to and that their request to relieve them of the responsibility of the wholesaler was not agreed to.

3 4. The Collector of South Kanara whose remarks were called for, has in his letter cited reported that the request of the Stores for the payment of compensation for the shortage of 389 mds. 26 seers of rice was rejected by him on the following grounds :-

the version of the Stores that the shortage of 389 mds. 26 seers was due to cleaning of 7281 mds. of rice and not due to drying on account of long storage is not correct. They apparently wanted to get the loss on account of depreciation of stocks to be included in the shortage due to cleaning by not weighing the stocks before they were taken out for cleaning. The Stores ought to have weighed the stocks before they were taken out for cleaning. [illegible]

absence of information regarding the total quantity taken cleaning, THE weight of the bye-products ie., 118 mds. 2 seers was taken as the loss in bulk due to cleaning for which compensation was paid.

(iii) - The profit margin has been enhanced to Re. 0-8-0 per md. in order to enable the Stores to meet the loss on account of shortage due to long storage.

4. The Board submits that in respect of outright purchase transactions, in all districts, the wholesalers are allowed a fixed consolidated margin of about 8 annas per md which is intended to meet the expenditure incurred by them, on handling charges transport and Godown rent and shrinkage, dryage and profit. The total amount of As.8 per md. allowed comprises:-

Handling and Cartage	0-1--6
Godown rent.	0-0--6
Shrinkage.	0-2--0
Profit.	0--4-0
	0--8-0

What is however given is a lump sum allowance of As.8. irrespective of the amount actually spent by the ~~THESIXXXXXXXXXXXXX~~ Wholesaler under each item. If he has any loss under one item, he must make it up from the profit under the others. In the circumstances of this case, the Board submits that no consideration need be shown to the statement of the S.K.C.C.W. Stores that the loss sustained by it on account of long storage in the present case, is more than the amount of margin allowed to them and its claim for reimbursement of the value of the loss in bulk to the extent of 389 mds. 26 Seers of rice need be admitted.

The Board requests orders of the Government in the matter.

R.C.111/50-Sup.

23rd December 1953

The Commissioner of Civil Supplies,
Board of Revenue,
M A D R A S.

Sir

Sub: Rice - Allotment of 2,000 tons from Malabar in 1952 - Cleaning of stocks - Loss in bulk and cleaning charges - Reimbursment of.
Ref: S.K. Collector's D.Dis.26993/53 dated 14-12-1953.

Being highly aggrieved by the orders of the Collector cited above (copy enclosed) rejecting our request for reconsideration of the orders disallowing the claim of this Stores for the loss in bulk of 389 mds. 26 srs. of Malabar rice sustained as a result of cleaning and processing a stock of 3640½ bags as per Collector's Proceedings Ref.C.No. 31077-52-R2 dated 24-12-52, I beg to prefer this appeal against the orders of the Collector and pray that in consideration of the facts set out below, this appeal may be allowed.

1. The orders of the Collector disallowing the claim of this Stores for compensation towards the loss in bulk due to cleaning of stocks is highly unjust, inequitable and is passed without a proper understanding of the circumstances and facts of the case and in effect will inflict undue loss on the Stores.

2. The stock of Malabar rice was imported into this district, during the period between July and September 1952 and was in a highly deteriorated and damaged condition when it was taken out for cleaning.

3. The cleaning was undertaken by this Stores under the specific orders of the Collector as per his proceedings Ref. C.No.31077/52-R2 dated 24-12-52 on the clear and definite understanding stipulated in the order that the loss in bulk due to cleaning and the cleaning charges will be reimbursed to this Stores. The cleaning was not voluntarily undertaken by this Stores and nowhere is it expressed or implied that the loss due to cleaning will have to be met by us.

4. A total stock of ~~3460½~~ 3640½ bags containing 7281 mds. net was taken out for cleaning at five depots of this Stores. The total loss in bulk is 389 mds. 26 srs. as per particulars below:

	Mds.	srs.
1. Stock taken out for cleaning ..	7281	-
2. Quantity realised on cleaning:		
a) good stock ..	6773	12
b) bye products ..	118	2
	6891	14
3. 1 - 2 loss in bulk ..	389	26

The cleaning and processing of stock were done under the direct supervision of civil supplies officials. The Collector has allowed compensation towards the 118-2 mds. byeproducts realised and disallowed in entirety the claim

MANGALORE-1.

of this Stores towards the loss in bulk of 389 mds. 26 srs thereby determining the loss on account of cleaning as equivalent to the byeproducts realised, despite being aware of the fact that much weightage is lost during the process of cleaning of deteriorated stocks which cannot be properly accounted for.

5. The claim of this Stores is rejected by the Collector mainly for the following two reasons:

1. That the stock was not weighed before being taken out for cleaning and the correct weight of the stock taken out for cleaning was not reported, and

2. That the Board has already passed orders enhancing the profit margin to Re.0-8-0 per maund to meet shortage allowance of this kind.

I submit in this connection that under para 3 of Collector's Proceedings ordering the cleaning of stocks, the C.S. officials concerned were instructed to personally supervise the cleaning and note the actual shortage noticed in the stock registers in terms of mds. and seers. The entire cleaning work was done as per instructions of and under the supervision of, of the C.S. officials. The stocks were not weighed before taking out for cleaning because our Managers were not instructed to do so. Had the C.S. officials insisted upon weighing the stocks before taking out for cleaning, the weighment would have been done. Without specific instructions to the effect, the original weight of the bags which is the weight according to the stock registers which are correctly and inspected from time to time by departmental Officials, were taken as the weight taken out for cleaning. It cannot, therefore, be said now that we ought to have weighed the stocks despite there being no instructions to do so. Even if we had done the weighment without any order authorising to do so, we would have lost the weighment charges incurred for the same, which certainly would not have been allowed. In the circumstances, itis not just that we should be made liable to shoulder such a huge burden as to meet the loss of 389 mds. 26 srs. of rice for no fault of ours.

6. Regarding the other reason given that the Board has passed orders enhancing the margin of profit to cover shortage allowance of this kind, I beg to differ from the Collector's views in the matter as it is nowhere expressed or implied that this allowance is given to meet shortages due to processing and cleaning of deteriorated stocks nor was it meant so. The enhancement of margin in respect of the entire quota of 2,000 tons brings in a total income of only Rs. 5,954-13-0 and that in respect of the stocks of 7781 mds. cleaned, it is only Rs. 796-5-9 which can hardly be said as sufficient to meet the loss in bulk of 389 mds. 26 srs. valued at Rs. 8,235-15-11. The reasoning that the loss in bulk is to be met from the shortage allowance is flimsy.

..... 195

7. The shortage of 389 mds. 26 srs. which as submitted above is resultant to the process of cleaning ought to be allowed and our claim for reimbursment of Rs. 8,235-15-11 sanctioned, in consideration of the following facts also:

1. That this Stores has in proper time (i.e. before complete arrival of the stocks allotted to this district) represented to the Collector on 21-8-52 that out of the total quota of 8,000 tons sanctioned to this district, 1000 tons may be cancelled and diverted elsewhere before actual despatch to this place in consideration of the huge stocks held by us against the low offtake obtaining at that period. This request was not considered favourably and stocks were dumped on us against our expressed wishes.

2. That this Stores requested the Collector as early as on 14-11-52 for export of 2,000 tons of imported rice held by us in view of the meagre offtake to avoid inevitable deterioration of valuable food stuff. This request also did not find favour at proper time.

3. That this Stores had intimated to the Collector of South Kanara on 18-8-52 that it is not willing to continue the sole agency for distribution of foodgrains after 31-10-52 and requested the Collector to relieve the Stores by appointing a new wholesaler and take over the stocks. This request was not conceded and the Collector requested the Stores to continue the agency as no other wholesaler could be pitched upon and this Stores had to oblige by continuing in the interest of the public to avoid an 'impass'

8. As submitted in above para, this Stores had done its duty in placing the facts about the non-requirement of stocks, but the representations were not considered at proper time resulting in stocks lying over without offtake for over six months, thereby getting deteriorated. It is very hard that on the one hand the Government should allot stocks to this Stores and compel them to take the same, on the other hand not to dispose of the same as suggested but compel the Stores to retain the stocks for months together, and when deterioration sets in, direct the Stores to clean the same assuring that the loss in bulk will be met from excess collections and finally refuse to allow the shortage occasioned on such cleaning in the presence and under directions of food officials. I request that the entire matter may kindly be considered in its true and proper perspective in the light of the facts set out above and necessary relief ordered by setting aside the orders of the Collector and sanctioning Rs. 8,235-15-11 being value of 389 mds. 26 srs. to this Stores. Otherwise, this Stores will be subjected to great hardship and irrepairable loss as a reward for its past several years of honest and diligent service.

Yours faithfully,

for President.

S.K.Collector's Office,
Mangalore, dated 19.2.54.

From

Sri A. Mallalingam Chettiar, I.A.S.,
Collector of South Kanara, Mangalore.

To

The Secretary to the Commissioner of Civil Supplies,
Board of Revenue, Chepauk, Madras-5.

Sir,

RICE - Allotment of 2000 tons from Malabar in 1952- cleaning of stocks- Loss in bulk and cleaning charges- Reimbursement- appeal petition of the S.K.C.C.W.Stores, Ltd. Mangalore - Remarks - submitted.

**

Board's N.Ref.154689-K/53 dated 2.1.1954.

**

P8 above

On the recommendation of the storage Assistant, Mangalore, cleaning of about 200 tons of Malabar rice was ordered in this office proceedings Ref.C.No.31077-52-B2 dated 24.12.52 and the loss in bulk on account of cleaning and cleaning charges were proposed to be met from out of the excess collections realized by the S.K.C.C.W. Stores, Ltd. Mangalore in the allotment of 2000 tons from Malabar imported by the Stores in July, 1952. This proposal was approved by the Board in its L.Dis.166895.A3/52-C8 dated 9.1.53. The President of the S.K.C.C.W.Stores, Ltd.Mangalore was also requested in this office letter Ref.B2.31077-52/17.1.53 to send a statement (in C.S.A.Form 83) after the cleaning of the stock was completed. In this office proceedings D.Dis.31077/52 dated 24.10.53, the value of shortages of 118.02 mds.of chaff and dust which were got as a result of cleaning was ordered to be reimbursed to the stores; but its claim for reimbursement of the value of the loss in bulk to the extent of 389.26 mds. of rice caused on account of dryage and depreciation was not allowed. The request of the Stores for reconsideration of the above order was negatived in this office D.Dis 26933/53 dated 14.12.1953. The present appeal is against these orders.

2. The main point urged in the appeal petition is that the shortage of 389.26 mds.of rice noticed was due to cleaning of 7281 mds.of rice and not due to dryage and depreciation of stocks due to long storage. This version is not correct. The stores apparently wanted to get the loss caused on account of depreciation of stocks to be included in the shortages on account of cleaning, by not correctly weighing the stocks before they were taken out for cleaning. It was the legitimate duty of the stores to correctly weigh the stocks before they were taken out for cleaning as otherwise the information required in Col.4 of the statement prescribed could not be filled up correctly. In the absence of the actual weight of the quantity taken out for cleaning, the weight of the bye-products i.e. 118.02 mds. was taken as the loss in bulk due to cleaning and the stores was compensated for this loss. If as contended by the President, the loss in bulk due to cleaning was @ 389.26 mds. plus 118 mds.2 seers, there should have been bye-products up to or nearing that weight. Hence the difference between the reputed weight of the rice taken out for cleaning and the actual weight of the rice got after cleaning plus the actual weight of the bye-products was treated as loss due to dryage, shrinkage due to long storage as per instructions contained in Bd's Ref.30328/53-3(C8) dated 19.3.53. As the Board has enhanced the profit margin to Re.0.8.0 per maund in order to enable the stores to meet the loss on account of shortage due to long storage since 1.5.52, the claim of the stores for reimbursement of the loss on account of dryage shrinkage etc. of Malaba rice was rejected.

3. As the S.K.C.C.W.Stores, Ltd. was the only wholesaler in the District who was authorised to handle imported stocks of foodgrains the stocks received from Malabar were entrusted to him. It is a fac that th[illegible] suggested the diversion of th[illegible] the district,

It is also a fact that the loss sustained by the Stores on account of long storage is more than the amount compensated by by increasing the profit margin. But in the absence of any accepta' data it is not possible to determine the exact loss in bulk on account of long storage. Orders deemed fit may be passed.

Yours faithfully,

For Collector.

Sub: Civil Supplies - Rice - South Kanara District Allotment from Malabar to S.K.C.C.W.Stores, Ltd. - Cleaning of stocks - Loss - Recoupement.

Ref: From the Bd. of Rev.(CS) ref.No.154689 K/53 (CS) dated 27.5.54.

Please see the Bd's self-explanatory reference at pp.1-2 c.f.

2. The file deals with the request from the S.K.C.C.W.Stores, Mangalore, for the sanctioning of a sum of Rs.8235/15/11 being the value of 389 Mds. 26 seers of rice lost by it, while cleaning 7281 Mds. of rice allotted to the stores during July 1952. The stores represented that the cleaning was undertaken under the specific orders of the Collector of South Kanara and was done under official supervision. Out of the total shortage of 389 Mds. 26 seers, the Collector allowed compensation for 118 mds. 2 seers of bye-products realised and disallowed the claim towards the loss in bulk of 389 Mds. 26 seers, as the Collector determined the loss on account of cleaning as equivalent to the bye-products realised. The stores has now come up to the Bd. with an appeal. The remarks of the Collector of S.Kanara are at pp.9-11 c.f. For the reasons stated in para 4 of p.2 c.f., the Bd. has stated that no consideration need be shown to the ~~statement~~ Contention of the Stores that the loss sustained by it on account of long storage in the present ~~cost~~ case is more than the amount of margin allowed to them and that its claim for reimbursement of the value of the loss in bulk to the extent of 389 mds 26 seers of rice need be admitted. The Bd. requests to be informed of the orders of the Govt. in the matter.

3. In view of the meagre offtake of the stock of rice and in order to avoid the inevitable

represented in the appeal that it had

deterioration due to long storage, the Stores have requested the Collector that the stock may be transferred elsewhere for early consumption. The Collector has not offered any remarks on this request. The Bd. also has not offered any remarks on this point. In the circumstances it is for consideration whether the Bd. may be asked to obtain the Collector's report on this point and submit the same to the Govt. with its remarks. If considered unnecessary the Bd's views in the matter may be agreed to and it may be informed accordingly. For orders.

3/R 6/7/54

(Encl. as Memo no. 7611/9 A II/Sec 2 dt. 7/7/54)

From the Bd. T/no 154689/53 (M) dt. 25/6/54.

W.r.to B on p2 above, please see the Bd's reply at p15cf.

2. In October 1952, it was represented to the Govt on behalf of the S.K.C.C. W. Stores that the Stores held sufficiently large stocks of locally procured rice adequate for over two months, that the offtake of rice in the fair price shops had fallen down owing to harvest of main paddy crop in the dts, that consequently the stocks were not likely to be disposed of soon and that these stocks had been in storage for a quite a long period and would deteriorate, if not disposed of quickly. The following requests were made in that connection:-

1) That the quota of 2200 tons of rice allotted to the dt (Sivaganga) might be cancelled; and

2) That a quantity of 2000 tons of rice out of the stocks held by the Stores might be transferred from the dt to other dts.

pl 9

3. The following action was taken on the above requests:-

Request (1):- The quota was cancelled. ✓ ✓ S or p 13 of 4 (A)

Request (2):- Out of the 1664 tons of rice sold by the Stores on 10/1/53, 1000 tons were ordered to be transferred to Tiruchirapalli and the Nilgiris dly at 500 tons to each of them. pp 29 31 of 4 (A) (f: no 1 cw)

Of these were the ~~Nilgiris~~ dly adjoining South Kanara Dt, where the stock position of rice was ~~at present~~ then not very satisfactory.

The Bd subsequently reduced the stock to be transferred to these dlys to 700 tons, out of which Tiruchirapalli Dt was allotted 360 tons and the Nilgiris 340 tons. Again the Bd cancelled the quota of 360 tons allotted to Tiruchirapalli. The quota of 340 tons allotted to the Nilgiris dt was actually moved. ↑ pp 38 of 3 (A)

4. It will be seen that whatever action ~~necessary~~ Collector has taken was taken to transfer the stocks to the other dlys.

5. In the Ors, it is for orders whether the Bd's view at I on p2 of file will be agreed to.

6. Fin may see for remarks.

Fin. (P(S))

The file deals with the request of the S.K.C.C.W. Stores, Mangalore, for sanctioning an amount of Rs 8235-15-11 being the value of 389 maunds 26 seers of rice lost by it while clearing during July 1952. ~~The Board has stated that the Agri. proposes to accept the recommendation of the Board at X on p. 2 c.p. This Dept. may agree with Agri. at A on p. 4 above.~~

The Board has stated that the loss under the items, cannot make it up from the profit under the others. Agri. proposes to accept the recommendation of the Board at X on p. 2 c.p. This Dept. may agree that this request of the Stores for reimbursement may be considered
